Re: Approval of Docket # 2010-26-T

LH Transportation Services INC, Atransportation LLC, and other local companies are opposing the approval of "Certificate of public convenience and necessity" for the operation of motor vehicle carrier as defined in Docket# 2010-26-T, Because "Public convenience and necessity" is already being served in these areas.

We as an association hope that, due to the fact that there are too many providers in our markets already, that the Public Service Commission of SC would deny authority until established providers can be heard from. Giving authority to this company could jeopardize our employees as well as Companies already granted authority by your commission.
